We invite all New Bedford Public School 7th grade students and parents to learn more about starting the high school journey while in the 8th grade.

The Dual Enrollment Program at NBHS is an exciting opportunity for students to enroll in advanced high school courses while in middle school. Students in the Dual Enrollment Program enroll in **Honors Algebra 1, Honors English 9** (students at Keith Middle School enroll in **Honors Integrated Science** in addition to ELA and Math). Students who successfully pass these courses enter NBHS as 9th graders with 2 or 3 credits and enroll in 10th grade courses as a 9th grader. Additionally, students who complete the Dual Enrollment Program are eligible to apply to the Academy of Honors. The program provides a foundation for students to be successful in advanced courses and earn the coveted Advanced Placement Capstone Diploma.

Learn about the application process, program expectations, and hear from students about their experiences!
